Farley Souvenir Sheets Cause Near Riot at Brooklyn Stamp Show

FIRST DAY COVERS CONNECTICUT STAMP

My success in selling Mr. Farley's imperforates has been such that I am offering to my friends and readers of Linn's, a first day cover service on the Connecticut Tercentenary Stamps which are to be issued

FIRST DAY AT HARTFORD — APRIL 26

and at Washington, D. C., April 27

This is to be a 3c stamp in purple, of a large size similar to the Mothers Day stamps. The selected design is the famous Charter Oak. I never saw a purple oak tree but that don't make any difference. I can stand it if you can.

I am going to use the Special pictorial envelopes which are offered by Linprint. I have seen the finished designs and there are three of them which are both beautiful and historic mementos of the state of Connecticut. Do you know that Connecticut is the only state whose State Seal is Oval instead of round. One of the covers shows this unusual seal, another shows the four different seals that have been used in Connecticut in the past along with a scroll bearing the famous Hooker Declaration. The design of this envelope is taken from an inlay in a floor in one of the State Buildings. The other envelope bears a picture of John Winthrop, Jr., first Governor of Connecticut and one of the most outstanding of its early citizens. He is not much to look at but barbering in those days was not so highly developed as it is today.

You Should Have These Three Historic Covers

	Single stamp	Pair by airmail	Block of four
Your choice of either cover	.10	.15	.22
Your choice of two covers	.18	.27	.42
All three covers as above	.25	.35	.60

I supply the envelopes, enclose a card filler, seal and mail them to you on first day of issue. I offer to address your covers either by typewriter or longhand as you wish.

While the above prices are for covers from Hartford on first day, I will supply them from Washington, D. C., on April 27 at the same prices if you wish them.

The Story of The Newfoundland-Wayzata \$1 Air Mail Stamp

By Lawrence S. Clark

(Continued from last week)

NOW we thought our financial troubles over, because Yerxa had told us that a pool of his stockholders and others had agreed to buy enough of the stamps to make the first payment (\$66,666.67) on the S-40. This was another bit of rainbow chasing, later changed to \$10,000.00, and when the stamps were actually available the check was for \$500.00!

Our immediate job, tho, was to get the stamps engraved and printed. The Bureau of Engraving agreed to do the work for slightly over \$400.00 and the contract was signed. Parkes, meanwhile, arrived on the scene as, we were informed, the official representative of the Newfoundland Government to supervise the production of stamps. Gullible, we swallowed it. Actually, in my opinion, Parkes knew as much about producing stamps as the average mining engineer, which happened to be his profession. The result was increased costs and delay, totalling some \$800.00 more than the contract price for producing the stamps.

The first of August saw the stamps ready. We approached Yerxa for the promised cash to pry them loose from the Bank vaults, were stalled for days, finally realized he couldn't deliver! Aerial World Tours then did some high financing, borrowed \$5,000.00 on the security of the stamps and received 25,000 regularly issued \$1.00 Newfoundland Air Mail stamps from the Northwestern National Bank in Minneapolis.

With Yerxa falling down on his financing promises, we saw plans for the big Sikorsky and our whole house of cards topple and fall. What should we do? We had stamps to commemorate a flight, but no ship, no finances,

no reliable backers. A wire to the Douglas Aircraft Company, then producing some snappy twin motored amphibians of small passenger carrying capacity brought reassuring offer. But who would pay the bills? Stamp collectors, indecisive because of the anvil chorus of magazines devoted to philately, were not flocking to our standard as we had anticipated.

Enter John Weeks, Minneapolis attorney, Legionnaire, politician. Enter also Ray Speer, jobless publicist extraordinary. Huddles. Meetings. Plans. The local American Legion wanted to make money. Let them sell the stamps! Agreed. More meetings. Luncheons. Explanations. Sales talks. Executive Sessions. Finally an agreement was worked out whereby they took over the sale of stamps on a percentage basis. After more delays they began their job, rather half heartedly, then with more enthusiasm.

The Douglas was out of the question account of time. August was slipping by. The Walgreen's of Drug Store fame had a Sikorsky S-38, an eight passenger twin motored job, with reinforced hull specially made for ocean work, for sale. We sent McCarty to Chicago to see about it. He phoned for cash. We scraped up the cash somewhere, wired it to McCarty and he returned to Minneapolis in the Sikorsky. At last we had a ship! The landing in Wayzata Bay of Lake Minnetonka on August 31st with Carl Vickery at the controls and Elmer Pearson as mechanic was a gala occasion. But Yerxa and the Boat Works had cooled off account our hook up with the Legion.

The Minnesota State Fair opened a few days after the Wayzata landing. Speer, former publicist for the

Fair, arranged to display the big Sikorsky there in the Aircraft building, sale of stamps and covers by Legionnaires at the same place. Our purchase agreement with the Walgreen's called for payment of \$100.00 daily, payments to be rent if ship was not finally taken. We set up a big balyhoo at the fair, charged admission on a five and dime basis, giving the Fair a percentage of the take. When the week finished we found our ship had been the best drawing attraction on the grounds, enough cash in the till to pay off the Walgreens their daily token and a little, very little left over.

The exhibition of the plane at the Fair gave unexpected impetus to the stamp sales campaign. The greatly reduced budget of expense for the flight, because of using the smaller ship, now made the flight seem a certainty. Date of departure was set for not later than September 25th. A final drive for mail was scheduled for the week of September 12th, the week following the fair.

This drive was destined never to take place. On Saturday, September 10th, came the flight's death blow. Two telegrams arrived in Minneapolis from the Attorney General of the Newfoundland Government. One, addressed to Aerial World Tours, briefly asked it to return all unsold stamps to the Northwestern National Bank and to recall all stamps which had been sold. The other, addressed to the Bank, told it to release no more stamps, and to recall all that had been sold.

Consternation reigned. How could stamps sold from Maine to California be recalled. Purchasers nearby were interviewed and invariably refused to give up their stamps. Many

After I received these covers cancelled, Aerial World Tours sent all the mail that had accumulated at Minneapolis for the flight, to the postmaster at St. John's, Newfoundland, with the request that it be cancelled and forwarded. I have been informed that it was all forwarded, uncanceled, under official cover.

Thus closes the strange, yet true story of a strange stamp. Looking back it seems incredible that it could have happened. But, looking in my album and my scrap book, there, indisputably is the evidence, the Newfoundland Wayzata \$1.00 stamp. A stamp without a country!

U. S. REVIEW

THOMAS F. WHITBREAD
Cummington, Mass.

Inquiries regarding U. S. Issues will be answered in this column. If a personal reply is desired enclose a stamped and addressed envelope.

We have been treated to an unusual sight by John P. Colby, namely a whole sheet of N. R. A.'s and part of another on which the design is hardly visible. These are fully perforated but should, of course, have been removed when the sheets were inspected. Such errors occur more frequently on rotary press issues than flat plate as the former, which are printed in rolls, are mechanically inked and there is always a possibility of the ink reservoir running dry through inattention of the operator.

Nelson W. Klein submits a copy of 499 with the question of whether or not it is type II. In times gone by great controversy has raged over where type II really exists on 499. According to King-Johl, type II was used only for rotary press stamps although a special transfer roll made from type I with minor variations was used for some printings of 499. This is referred to by them as type IA altho the catalogue does not make this distinction owing, probably, to the lengthy explanation involved.

Several people have asked what is the difference between a Bureau Print and any other precancel. A Bureau Print is a precancel overprinted at the Bureau at the same type the stamp is printed—a continuous process. Any other precancels are those which are

locally overprinted at the request of the local postmaster at a nearby printer's.

How to distinguish between the two is a study in itself. Inquiries in this direction had best be referred to one of the precancel columns.

H. W. Kastner and others have asked the value of various stamps showing creases, that is, white spaces going through the design. The value of these is largely determined by what the few who make a specialty of collecting them will pay. Having just had a 5c New York showing such a crease which we submitted to one man who offered \$30 for it and then to another "specialist" who offered \$7, we are a bit non-plussed on what to think.

Mr. J. W. Carper requests the catalogue number of a 2c type A81 with no perforations at top or bottom and hyphen-holes on either side. It is either 344 or 384 with Schermack perforations for use in private vending machines, depending on whether it is double or single lined watermark. Special listings of these will be found in the current U. S. Specialized Catalogue.

Canada Silver Jubilee Stamps

To commemorate the 25th anniversary of the reign of King George the Fifth, Canada will issue a set of six stamps as follows:

1c green Portrait of Princess Elizabeth.

2c brown Portrait of Duke of York.

3c red Portraits of King and Queen.

5c blue Portrait of the Prince of Wales.

10c green View of Windsor Castle.

13c blue View of the Royal Yacht, "Britannia."

The exact date of issue has not been decided upon but the Canadian Postal Department announces that the date will be named far enough in advance that collectors interested in first day covers will have an opportunity to get orders in to them on time. Requests for first day covers should not be sent until the proper announcement is made.

Haltiwanger Makes Good

Five covers, bearing copies of the 2 and 4c, the 6c, 8c, 10c and 12c stamps of the new Philippine Pictorial issue came to the office of Linn's Weekly Stamp News on the morning of March 19th. These are the new stamps issued in Manila on February 15th, which was the date of first day sale.

Postoffice Officials in America could learn much from the Postal Officials of the Philippines who were responsible for the cancelling of these covers.

Every one of the five covers is beautifully cancelled. The cancellations are not heavy, yet clearly printed from clean dies and placed almost perfectly on the covers. In fact so perfect that the stamps seem to be surcharged rather than cancelled.

On the cover bearing the 2c and 4c stamp, the 2c stamp has the circular part of the cancellation set perfectly on the stamp, a beautiful cancellation even if removed from the cover. The other part of the cancellation stamp which reads "MANILA—TRADE CENTER—OF THE—PACIFIC" is in all cases very accurately placed over the stamps so that the effect is one that would make any enthusiast happy and are we happy to thank Mr. Haltiwanger for his kindness in sending these covers.

Mr. Haltiwanger is stationed at Fort Wm. McKinley, in the Philippines.

Think of it! A beautiful handpainted cover from the lush, tropical island, the English sailors and Tahitian women settled 145 years ago where they raised strong and healthy families. Today there are 200 inhabitants on the island. The island is only a dot in the South Pacific ocean over 3000 miles west of Chile. It is on this island that the descendants of the nine mutineers from the English ship "Bounty" and 12 Tahitian women took up their homes. Today they are a happy and healthy race to themselves. Read the story in the POST; see the picture on the screen, BUT let us send you a cover from our representative there—enclosing a bit of souvenir that you'll long remember. The Honorable Franklin D. Roosevelt, President of the United States, who is himself an ardent stamp collector, is the Honorary Patron for the event, and it is expected that he will be personally present at some of the sessions.

The Honorary President is Charles Lathrop Pack, who is recognized as America's keenest philatelic student, and the Honorary Vice Presidents are Col. E. H. R. Green and John Luff.

The active officers of the exhibition are: A. F. Lichtenstein, President; J. J. Klemann, Jr., Laurence B. Mason, and Arthur E. Owen, Vice Presidents; Admiral Frederic R. Harris, Secretary; Theodore E. Steinway, Treasurer; Hugh M. Clark, J. A. Klemann, Charles J. Phillips, and H. L. Lindquist.

The first prospectus for the Exhibition is just going to press and will contain the complete plans for the Exhibition and other pertinent data. Free copies can be had by addressing the Secretary, Frederic R. Harris, 27 William St., New York, N. Y.

The show will be held under the auspices of the Association for Stamp Exhibitions. Every philatelist is invited and urged to join this organization, the dues for which are \$2.00 per year.

Fresno and San Francisco Bicycle Mail Route

During the strike of the American Railway Union against the Pullman Car Company in July, 1894, a unique Bicycle Mail Delivery Service was set up between Fresno and San Francisco by Bicycle Relay. The stamps which were issued for this original bicycle mail are listed in the Scott Specialized Catalogue on page 128.

To commemorate the original event the California Bicycle Promotion Association is holding a relay race over the original route on May 1st and covers for collectors will be carried for a fee. Copies of the original stamps along with U. S. Postage stamps will be used on the letters so carried.

Believe It—It's True

A large number of collectors are gathering the various Philatelic Souvenir sheets of divers sorts that have become the usual thing for Philatelic Meets. Mr. Farley started the fad by issuing the Souvenir sheets of stamps and where societies could not curry enough favor to get the real thing they issued their own and these are in almost as great demand as those that were issued by Mr. Farley.

Numerous very interesting and attractive ones have been put out in the past few months and the famous Goya stamp has been the motif of many of them as it very well lends itself to expressions of opinion on current Philatelic and other topics.

A collection of these sheets will always be of interest and the wise boys are gathering them now.

HARTFORD—APRIL 26

Late on the afternoon of March 27, the Postmaster General gave the official announcement on the Connecticut Tercentenary stamp. First day of issue will be April 26, exclusively in Hartford, coinciding with the opening of the Tercentenary Celebration of the State.

We had the privilege of seeing the finished design from which the master die is to be made. Feature subject as most would guess is the famous "Charter Oak" placed a little to the left of the center of the design. The border is a single line, panels enclosing the words Connecticut and Tercentenary, respectively in vertical formation are to be found at the left and right sides of the stamp. The year "1635" appears in the upper left-hand corner and "1935" opposite.

Denomination of the stamp is three cents and this appears as "3c" in both of the lower corners. The words "The Charter Oak" will be just below and to the right of the central motif. In the narrow strip across the base of the stamp is the inscription "United States Postage."

Placed horizontally and of the same size as the Wisconsin commemorative this Connecticut Tercentenary stamp is going to be one of the most distinctive put out.

LITTLE AMERICA COVERS

Cover collectors will be interested to learn that the Little America mail has finally reached the shores of the United States. The Mariposa docked in San Francisco on March 26, depositing the huge quantity of Little America covers for distribution to the various collectors throughout the country. Probably these covers will have been received by the time this appears in print, because the Post-

This flight will be from California to Hawaii. A return flight also will be made. Pan American Airways, Inc. desires to accommodate philatelists who have been requesting that covers be carried on this flight, and are planning to do so provided the weight does not exceed the load capacity available and also that collectors understand that the company will not be responsible for loss or damage.

Due to the fact that covers for this flight must be in San Francisco, Calif., not later than 5 o'clock p. m., April 8, 1935, we are omitting particulars and details as time would be too short for anyone to get covers on the flight.

Stamp Illustrations

The publicity department of the Philadelphia and Reading Coal and Iron Company, Philadelphia, Pa., recently used a very striking photostat print showing a postcard message from one of the miners who wanted a copy of one of the bulletins issued by the company. The notice pictures the postcard from "Mike" and shows a current 1c green stamp in full lifelike appearance.

Surely, we could not even believe that "Mike" would ever believe that the picture of the stamp was good for postage, yet that is the chief reason that reproductions of stamp illustrations is "verboten."

If you have not yet written your congressman in Washington asking for the passage of the bill for the illustration of postage stamps, do so at once. Washington newspapers state that many such letters are pouring in on Congressmen. Add your letter and help put this over. Congress is stamp minded at present on account of the recent Farley issues and the bill should get attention when it comes up.

Labuan and Borneo

The advertisement of Frasek Inc., in this issue is one that makes an old time collector even sit up and take notice for it offers about the most elaborate and complete showing of the stamps of North Borneo and Labuan that we have ever noted in a single advertisement. In the early days of our collecting career, it was stamps of these countries that held the interest and fascination of the younger collector and altho they were looked upon as cancelled to order and undesirable, every kid wanted copies and the older heads always picked them up when opportunity offered.

German Check List

The Cross Stamp Company of Newark, N. J., have just issued a complete priced list of Germany. This little booklet is sold at 10 cents and serves as a thorough list of the stamps of this country which have been quite popular due to the large variety and the very low prices at which most of them can be obtained.

Specializing in German issues has become a popular fad due to the fact that one can get so much variety for the small investment. Many of the inflation period issues are extremely rare on cover and the pricing in this list has been based on a study of European prices which will probably give a much more true idea of their value than can be had otherwise.

Mortimer Fuller Collection

The Lackawanna Stamp Company of Scranton, Pa., have acquired for disposal the collection of Mr. Mortimer Fuller, Jr., Vice-President of the International Salt Company of America.

This collection was mounted in seven Scott Loose Leaf Albums, the United States being nearly complete and is in fine mint condition from the Columbian issue to date. But few of the better 19th century varieties and the outstanding rarities are missing from the collection. The collection is now being broken up and doubtless many who are looking for certain choice stamps would find them in this collection. The advertising and address of this company appear every week in this paper and we can refer interested collectors to this advertising.

CONGRESS IS STAMP MINDED Probably no United States Congressman ever heard so much or knew so much about stamps and stamp collectors as does the congress now in session. Congress is stamp minded. Congress will listen to the petitions of stamp collectors not because congress knows and realizes that there are a vast number of people interested in stamp collecting and that stamp collecting is not mere child's play.

Now therefore is the time when all stamp collectors should take it upon themselves to write their congressman at Washington, both your Senator and your Representatives in the House and encourage the passage of the bill to legalize the illustration of Postage Stamps. This bill is known as "H. R. 1411". You need only refer to it in that manner and your representatives will know of what you speak.

ITALY HAS SURRENDERED

It will be welcome news to those who have been following the Italian Commemorative and special issues to learn that in the future there will be less of these stamps. Issues in the past have been made for various philanthropic and charitable organizations on petition. After a definite time of sale the stamps were demonetized and the remainders turned over to the favored organization for disposal. That is a procedure which is always distasteful to collectors who buy at face and later learn that they have been stuck and it is much more distasteful when it is done by a government of such standing as that of Italy.

NEW U. S. PLATES

Fred Hawkins of Newark, Ohio, showed one of the new sheets of 2c stamps printed from the plates which are made especially to be run with the new electric eye, to help get more accurate perforating.

Our first thought was the possibilities for specialists that come with the introduction of these new plates. We of course know that many collectors who are real students of stamps have collected sheet margins with their stamps for many years past but we can not understand why there are not more collectors who will go for these varieties.

A collection of single copies from the various positions on the sheets, in order that one might show thereby the reconstruction of a sheet is certainly of value and far more worthy of collecting than are blocks of four.

The block of four fetish is about the most silly thing that stamp collectors do. Owning a block of four means nothing and shows nothing except in cases where the block may contain a variety other than normal.

Rather than collect the blocks, collectors would and could learn something about our stamps and how the plates and sheets are made and constructed by gathering the outstanding marked pieces from the sheets. Principally the corner stamps as well as the plate numbers and in this latter stamp we recommend and urge the collection of single copies as the single stamp is as good an identification and record of the plate as is a block of any size, except of course where adjoining stamps bear other marking on their margins.

Plate number blocks of four and six only multiply the cost, whereas if you confine your interest to a single copy, many more collectors can be interested as the cost is just one-fourth or one-sixth.

A Step in the Right Direction

The Italian Press announces that in the future, by a law which will apply to Italy, the Aegean Islands and the Italian Colonies, all stamps commemorative of events of extraordinary national importance will be prepared exclusively by the State, without the intervention of Committees or Institutions; normally without a premium and absolutely excluding any free donations, even after the period of currency. If a premium is charged, it will be kept as low as possible, the sole intention being to recoup the cost of production.

In effect this means that in the future there will be far fewer commemorative stamps issued by Italy and her Colonies, as most of the recent issues were instigated by "Committees or Institutions," which received the balance of the stock as soon as the stamps were issued and often disposed of them to the trade at much below face value. The State will have no inclination to issue special stamps save on occasions of real importance and, as will be noted above, there will no longer be any "free donations" of remainder stocks to private bodies.

(Gibbons' Stamp Monthly).

The above action by the Italian authorities was the result of the efforts of Unione Filatelica Nazionale of Rome, Italy, and Gibbons of London, so we understand. At any rate collectors as a whole will thank whoever was responsible for this good work and it is only regretted that said order was not issued much sooner.

The loud and long criticism of the 13th Edition of the Buro Catalog was hushed to a mere murmur when the 14th Edition made its appearance. It seems that both the appearance of the catalogue, freedom of real errors, and the general pricing met with the almost complete approval of both dealer and collector. I believe that this is somewhat of a novelty, as most of us kick at anything, so let's give all concerned a big hand. They deserve it.

Are you planning ahead for the big convention in Chicago this summer? Publicity is now growing in volume and right now is the time to plan ahead and get there. The mid-west collectors are all within a moderate drive, and should make it the best and biggest of them all. On to Chicago. More about the wheres and whyfores later.

Brooklyn Postmaster Steals Spotlight From Farley

Refuses to Open Exhibit Unless Farleytelic Sheets Are Removed From Show

Herewith a Reprint from the New York Times of March 29th

"Because Postmaster Francis J. Sinnott of Brooklyn said he would not officiate at the opening yesterday of the annual show of the Brooklyn and Long Island Stamp Exhibit Association if posters containing a satire on Postmaster General Farley were displayed, the posters were withdrawn.

Mr. Sinnott objected because he could not see any humor in proclamations on a sticker issued at Columbus, Ohio, last January which were thrusts at the relation between government sales of mint postage stamps to dealers and collectors and the assets of the Postoffice Department.

The sticker, bearing nine pictures of Jefferson in light blue, similar to his portrait on a 5-cent stamp issued by the Confederate States in 1862, was printed for the Columbus Philatelic Club to be used at a dinner.

"James A. Folly"

They are about the size of imperforate sheets of six stamps issued in commemorative denominations beginning with the Byrd 3-cent values and are gummed. They bear the words "issued under authority of James A. Folly, Postmuser Yeneral" (correct) and "printed by the deficit bureau of the Post Office." The plate number is "1234567890." Instead of "5 cents" as in the actual Confederate issue, however, "10 cents" has been substituted.

About 100 copies were received this week by George W. Brodie, a dealer at 277 Ashland Place, Brooklyn, who in-

tended to show them at his booth at the exhibit of the association which will be held until Sunday night at the Mortmart Building, 592 Fulton Street, Brooklyn. They will not be displayed by him there, but may be seen after Sunday at his business address. He said he did not want to interfere with the association's program.

Philatelic Club and given out as a souvenir of their annual meeting in January. Officers of the club were soon besieged by hundreds of letters asking for copies of the sheets.

It was then that Linprint Inc., publishers of Linn's Weekly Stamp News offered the sheets for sale at 10c each and thousands of them have been sold and the demand still continues.

Doubtless the action of the Brooklyn Postmaster will cause another heavy demand for these sheets.

The sheets are printed from a plate

Evidently the demand was so great that Brodie after getting his first 100 sheets ordered an additional 200 sheets. These sheets were originally issued as a Burlesk by the Columbus

Nicholas M. Loris, another of the Brooklyn dealers who had these sheets on display was approached by officials of the Brooklyn Show before the formal opening and was requested to withdraw his display of the sheets. He refused to do this, even upon threat of having his contract for space in the Show cancelled.

Loris stuck by his guns and insisted on displaying the sheets, he states that on the second day of the show, an official of the Brooklyn Postoffice visited him and in no uncertain terms requested him to remove the display. This request Loris also refused to heed. Loris states that the request was more in the form of a threat than a request.

Throughout the remainder of the

show, efforts were made to have all sheets on display removed. Most dealers who were showing them removed the sheets while Loris stuck by his rights.

As a result of the commotion caused by this incident some violent Philatelist must have taken it upon himself to bespatter with ink, a large picture of Postmaster General Farley that was a part of the Show decorations.

Loris was blamed for this outrage, but denies any knowledge of the act which was doubtless done by some overheated collector who "Pegler" would refer to as a "nut."

The show was poorly attended the first two days due to rainy weather, the last two days picked up considerable and the estimated attendance for the four days was approximately 20,000.

(R. Roberts)

Note: Mr. Roberts also informs us that the Deputy Director, Post Master General Department, advises him that the ½p. has not been issued on C. of A. paper. If this is true, the chronicle of this value in our notes of Mar. 2nd, would be an error on the part of Messrs. Gibbons.

BARBADOS—New Shade, mult. script C. of A. Wmk. Perf. 14:

GREAT BRITAIN—The 10s. of the new printing referred to in our notes of Feb. 2, 1935, may also be distinguished by the color which is dark blue, while the earlier printing is a pale blue.

(Whitfield, King & Co.)

GREAT BRITAIN—Offices in Morocco. The ½p. photogravure printing has been over-

printed "TANGIER" same as the two values chronicle by us Jan. 19th:

A82—½p. green (R. Roberts)

GREAT BRITAIN—The Silver Jubilee Issue for Britain itself will comprise four values, ½p., 1p., 1½p. and 2½p. They will be on sale at all post offices for a period of TWO MONTHS, during which time the ordinary stamps of like values will be sold only from vending machines.

(Gibbons' Stamp Monthly)

HUNGARY—April 1st, was the date on which a set commemorating the 200th anniversary of the death of the great Prince Franz Rakoczy, protagonist of the independence of Hungary, was due to appear. The values were 10f., 16f., 20f., 32f. and 40f.

(Gibbons' Stamp Monthly)

JUGOSLAVIA—The following quantities of the mourning stamps, chronicle by us in two previous issues, were printed: 25p. (3,250,000); 50p. (1,900,000); 75p. (5,350,000); 1D. (1,850,000); 1.50D. (Gibbons' Stamp Monthly)

KUWAIT—The following quantities of Scott's Nos. 200-1-2, were sold. 2a. (10,512); 3a. (48,096); 4a. (8,312).

(Gibbons' Stamp Monthly)

MADAGASCAR—A new series of Air Mail stamps is in course of preparation.

Information regarding new issues and notes of interest on all Precancels, other than Bureau Prints, should be sent direct to the Editor of this column.

Precancels

Suggestions and Information for Collectors, the third edition of this most helpful and interesting booklet has just been published by Adolph Gunesch, the well known precancel dealer of Chicago. It contains quite a few illustrations about that most difficult problem for the beginner, the difference between bureau prints and ordinary precancels, the illustrations showing definitely the differences between those types that resemble each other. All of the other fundamentals of precancels are treated in a manner that is readily understood, and illustrations are shown to more clearly illustrate the point in many cases. It is my suggestion that beginners wishing to obtain information about precancels get this booklet as this is the one I will refer them to if they write me. The price is 25c but is sent free if ordered with certain other packet items. Look up Mr. Gunesch's ad for March 23rd if it is not in this issue.

Bi-Cents

Here they come. New items to the second edition catalog. Save these if you do not as yet have your new Bi-Cent catalog. If you have some unlisted Bi-Cent show it to me, I will mention it in this column and then report it direct to the editor of the Bi-Centennial catalog. 2c Elba Ala. U-122; 1c Huntington Park, Calif. Did You Know?

That there are only about one half the printed Bi-Cent precancel varieties from OHIO as there are BUREAU PRINTS. About 300 bureau prints and around 150 printed precancel varieties. Wouldn't our PRECANCEL game be much sturdier if we saved only the printed precancels? What do you think about this? Write me a letter of your opinion and views of the subject. Will be glad to read it and reprint any of the more interesting ideas put forth, either pro or con on the matter.

CHINESE TREATY PORTS

A collection made 35 years ago by Professor J. F. McGregory of Colgate University with the help of Commodore Eaton who was in China at the time. There are 332 stamps with a face value of about \$25. First money order for fifty dollars takes this rare collection.

I still have a few Bicentennial envelopes and stamps at twice face, singles and blocks of four; not perfectly centered at 50 per cent over face.

BROADWAY CHATTER

By BI STANDER

A new newspaper for children has been started here under the name of Young America. It will have the tabloid form and have also pages in four-color gravure. It will have a department featuring stamps. A millionaire is at the head of this publication.

J. M. Bartels, after a great many years in 116 Nassau Street, has moved to new quarters in 17 John Street. We wish J. M. all success in his new place.

A valuable stamp collection was stolen aboard the liner Olympic after leaving New York. Customs men found no trace of the stamps in the baggage of passengers who disembarked for Paris. The boat left New York on March 15th. It was thought that a passenger had stolen the collection and had landed with it at Cherbourg after the voyage from New York.

The postoffice at Port Clinton, Ohio, is in for a busy time for collectors have besieged this office for last day cancellations before this postoffice gives up the ghost.

Charles Anderson, postal officer, with the Byrd Expedition, stated on his arrival in the U. S. from Antarctica, that the postoffice at Little America was a room, hewn out of solid ice, 200 feet below the surface. Anderson said, "I got used to that, but it was difficult working in the perpetual daylight."

The New York Stamp Exchange has opened a modern office at 80 Nassau Street. Mr. Zanini is head of this concern and is a man of many years experience with stamps. This makes 80 Nassau Street another philatelic center, as there are at least six dealers in this building.

The Pioneer Stamp Co., Ridgewood Station, Brooklyn, N. Y. have inaugurated a 5% New Issue Service for British Colonials. This is for dealers only.
